

NATURE'S WAY

Alcohol and dangerous sedatives are fast falling into disuse. When the body is debilitated the effectual means of restoring strength is

SCOTT'S EMULSION

which does what your regular food should do but all too often fails to do—nourishes and strengthens the whole body. It is the results that follow the use of Scott's Emulsion that have made its multitude of friends.

The Norwegian cod-liver oil used in Scott's Emulsion is super-refined in our own American Laboratories. Its purity and quality is unsurpassed. Scott & Bowne, Bloomfield, N.J. 19-25

I. W. W. TRIAL TO BE WATCHED BY TROOPS

Vague Rumors of Radical Action at Centralia

Montesano, Wash.—Sending of federal troops to Montesano to remain until the end of the trial of alleged I. W. W. members accused of the Centralia Armistice Day killings was authorized by Lieut. Gen. Hunter Liggett, commanding the western department of the army upon request of Gov. Hart of Washington. The governor's action followed a request for troops by Prosecutor Allen "as a purely precautionary measure."

In his recommendation, Mr. Allen said, this was the result of what he termed an increasing drift of radicals to Montesano, now the local point of I. W. W. interests, coupled with vague rumors and threats which have reached the ears of counsel for the state.

Allen's action was dictated, he said, by the desire of the state to preserve peace and to insure a fair trial. Since the trial opened Jan. 26, according to Allen, there have been rumors even of armed intervention in behalf of the ten defendants.

"We have reason to believe that most of the rumors are unfounded," Mr. Allen said, "but no harm can come by taking proper steps to forestall serious friction."

Gen. Liggett, telegraphing from San Francisco, authorized the commanding officer at Camp Lewis, near Tacoma, to send to Montesano such troops as he deemed necessary.

A Kentucky Woman's Experience

Paducah, Ky.—"It is a pleasure to me to recommend a medicine that has done me so much good as Dr. Pierce's Favorite Prescription. When I have taken it as a tonic during expectancy, I have been such an enthusiastic over 'Favorite Prescription' and the benefit I have received from it that I have not only recommended it to my friends but to my own daughters as well and I have never known of a case where it has failed in giving the results desired."—MRS. CORA SMALLMAN, 908 N. 8th St.

A Nervous Wreck

Louisville, Ky.—"I was certainly a miserable wreck before I took Dr. Pierce's medicines. I was nervous, my back ached all the time and I had intense pains. When I refused to submit to an operation my doctor told me about Dr. Pierce's Favorite Prescription and Lotion Tablets and although I had very little faith in any medicine and thought I was going to die, I got these medicines at the drug store. My recovery was so rapid and complete that it surprised the doctor; even he thought it would be just temporary relief, but I am thankful to say that it is apparently a permanent cure. I have had two children since, both of them 'Favorite Prescription' babies for I took this splendid tonic all the while. My health was fine and I had practically no suffering. I cannot praise these remedies too highly. I only hope my statement will be the means of many other women being restored to perfect health by using Dr. Pierce's Favorite Prescription and Lotion Tablets."—MRS. NETTIE BURNS, 208 N. Campbell St.

Women who are worn out, who are nervous or dizzy at times, should take that reliable, temperance, herbal tonic, Dr. Pierce's Favorite Prescription, in liquid, or in tablets. Send Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., 10c for trial package.
